PROFILE

Senior UI/UX Designer with 5+ years of experience designing B2B SaaS, FinTech, Banking, and Retail products. Skilled in end-to-end product design, UX research, interaction design, information architecture, design systems, and responsive web/mobile experiences. Proven track record of delivering 10+ products and collaborating with cross-functional teams to solve complex business and user problems using Figma and AI-assisted design workflows.

WORK EXPERIENCE

NeoSOFT Technologies | Remote
UI/UX Designer March 2024 - Present

- Currently contributing to digital product initiatives for **Axis AMC**, optimizing investment journeys and transaction flows across key digital modules.
- Led product experience strategy for a U.S.-based Crime Analytics Platform (**NDA-bound**), defining data visualization logic, user segmentation workflows, and intelligence-driven dashboards to enable faster, data-informed decision-making.
- Contributed to the mobile banking revamp for **Bank of Baroda**, leading UX research initiatives to identify usability gaps and inform product improvement decisions.
- Conducted user research (heuristic evaluation, surveys) for the **Himalaya Retail** app.

Gentelli Solutions | Hyderabad
Senior CX Designer July 2022 - March 2024
UI/UX Designer February 2022 - July 2022

- Collaborated with product owners, managers, and the UX team in agile discussions for **four projects** to ensure a thorough understanding of the projects.
- Designed simple solutions, led meetings, and ensured Jira alignment.
- Increased customer base by 20%, received global recognition for design.
- Executed wireframing, prototyping, responsive design, competitive analysis, and iterative methodologies

Get Infy Solutions | Remote
UI/UX Designer February 2021 - February 2022

- Led end-to-end UX delivery for 4 web and mobile products across FinTech and Retail domains, collaborating with cross-functional teams and stakeholders...
- Led research, solved problems, aligned goals, mentored and assigned tasks.
- Created scalable design systems and reusable component libraries in Figma, improving design consistency and reducing delivery effort across products.
- Led teams, conducted research, developed design systems, and mentored early on.

ACHIEVEMENTS

- Modernized a 15-year-old enterprise product, earning global recognition for improving usability and adopting contemporary design principles.
- Successfully delivered two high-priority enterprise projects simultaneously in a fast-paced environment.
- Delivered 10+ products across FinTech, Banking, Retail, and B2B SaaS domains.
